Advance-Nilfisk Part - Imagine how tedious it will really be to tidy up your very own house after throwing a large party, with no help from cleaning machines. In the past, the time upholstery and carpets had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the state-of-the-art cleaning materials back then.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After establishing his company during the year 1906, he began to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's dream from the start was to have a worldwide business selling merchandise worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single person. This invention came in a time where other cleaning machines were massive and required 4 or more operators, hence, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an ongoing dilemma; things get filthy and must be cleaned frequently, without a lot of effort.

Slowly, the company Nilfisk-Advance developed throughout the years. During the early nineteen eighties the business developed fast when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aspiring to be an active worldwide player in making professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the world due to steadily acquiring lots of smaller businesses to be able to grow their product selection and presence in new markets. They are really proud to present different cleaning solutions to fit every requirement.
